FRIDAY 10

MAXILLOFACIAL TRAUMA CONFERENCE. Rm. 4H40. 7 a.m.

Mental health professionals will take a close look at "Mid-Life Issues: Problems and Possibilities" during a two-day conference Saturday and Sunday, May 4 and 5, at the Holiday Inn Golden Gateway, SF.

Sponsored by LPPI, the program will include lectures on "Social Structure and Stress in Mid-Life" by Leonard Pearlin, PhD, professor of medical sociology, and "Health, Illness and Structural Changes" by Lawrence Tierney, MD, associate professor of medicine.

Other speakers will explore such mid-life issues as being single, having a family and sexuality—looking both at normal adult development and at problems likely to develop during the middle years.

Cost is $130; $50 for interns, residents and students. For further information call x77-256.

The Program for Analytical Cytology has funds available to support research projects between collaborating investigators at UCSF and the Lawrence Livermore National Laboratory. Sponsored by the UC Regents, the program is to promote collaborative projects between UCSF and LLNL in analytical cytology, cell analysis and cytometry.

Project proposals are reviewed for scientific merit and can lead to long-term research with its own funding. Program awards usually do not exceed $5,000.

Interested investigators should contact Brian H. Mayall, MD, Room L 518, or call x5734 or (415) 422-5672. Application deadline is Thursday, May 30.

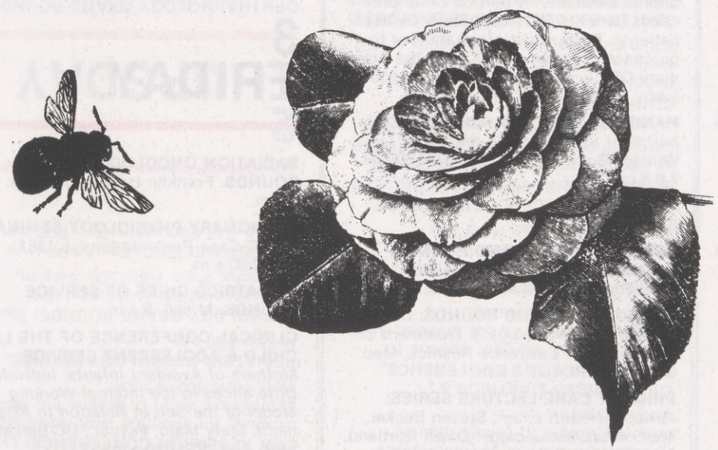
DEADLINE

Deadline for the next issue of *Today & Tomorrow,* covering the time period May 11-24, will be **Tuesday, Apr. 30, 11 a.m.** Please send your copy to Allen Balderson, News & Public Information Services, 532 Parnassus Ave., Rm. 300, x1541 or x2557.



The campus will celebrate Chauncey D. Leake Day on Tuesday, May 21. It is a day that typifies Leake—a celebration of academic achievement and the simple joy of living.

The day's festivities will begin at 11:30 a.m. when a campus identification sign will be dedicated in front of Millberry Union. The sign has been donated by Walter Newman, a member of the UCSF Board of Overseers, in memory of his mother.

A picnic lunch will begin in Saunders Court also at 11:30 a.m., and a stretcher relay race will begin at noon in front of Millberry Union and will end in Saunders Court.

Nobel Laureate Sir John Vane, DPhil, DSci, will present the eighth annual Chauncey D. Leake Lecture from 3 to 4:30 p.m. in Cole Hall. He will discuss "Prostacyclin: From Discovery to the Clinic."

Vane is director of Group Research and Development at the Wellcome Research Laboratories in Beckenham, England. He shared the 1982 Nobel Prize in Physiology or Medicine for work on prostaglandins—potent chemical transmitters that mediate diverse physiologic functions. He was the first to show how aspirin works in reducing inflammation and fever by inhibiting the production of prostaglandins.

An invitational reception will follow the lecture at the Faculty/Alumni House at which time the garden in front of the building will be named the Chauncey D. Leake Court.

Leake Day honors the UCSF pharmacologist, who died in 1978, for his superb leadership as a scientific statesman and outstanding contributions to the pharmacological sciences and literature.

A new breast screening program now is being offered in a mobile van to healthy Bay Area women. The van is traveling to various San Francisco locations to offer low-cost, convenient mammograms.

Women will need the approval of their physicians to have the mammogram—low-dose X-rays that can detect tumors which are too small to be felt by self-examination. Screening results will be mailed back to each woman's physician.

The procedure takes approximately 20 minutes, and costs $30 as compared to the average cost for a mammogram of between $100 and $150. Women are urged to make an appointment by calling x4158 between noon and 3:30 p.m.

The van will be at the following locations during the next few weeks:

- Week of Apr. 29: Petrini Plaza (Fulton & Masonic)
- Week of May 6: Civic Center
- Week of May 13: Embarcadero Center
- Week of May 20: 3333 California (parking lot).

For specific locations of the van at other times call x4158.

The new screening program is offered by the Department of Radiology and is under the direction of Edward Sickles, MD, director of breast imaging at UCSF. It is hoped that this life-saving procedure will be offered to some 16,000 women a year.

Moses Grossman, MD, '46, professor and vice chair of pediatrics, and David W. Allen, MD, clinical professor, psychiatry, will be honored at the School of Medicine Alumni-Faculty Association Homecoming on Saturday, May 18.

Grossman, who also serves as acting associate dean at SFGH, will be honored as Alumnus of the Year. He will deliver the first morning scientific presentation at the homecoming, entitled "Clinical Teaching at SFGH—40 Years in Review." Other presentations will include:

- "New Perspectives in Radiology." Distinguished Faculty Speaker Alexander R. Margulis, MD, professor and chair, radiology;
- "Birth of a Trauma Center." 25-Year

NEWS BRIEFS

(School of Medicine Homecoming continued)

Anniversary Speaker Robert C. Lim, Jr., MD, '60, professor, surgery and oral biology.

Allen will be honored with the Charlotte Baer Memorial Clinical Faculty Award during the alumni homecoming banquet that evening at 8 p.m. at the St. Francis Hotel. The award is presented each year to a UCSF clinical faculty member for outstanding services to the School of Medicine.

For afternoon activities and banquet reservations call x1471.

Sausalito pharmacist Frederick Meyer, '54, will be honored as the Distinguished Alumni at the School of Pharmacy's Alumni Homecoming Dinner on Saturday, May 18, at the St. Francis Hotel.

That morning at 10 a.m. a continuing education symposium entitled "Computers for Pharmacists" will be presented by UC Regent George Pennebaker, PharmD, in Toland Hall. Pennebaker is manager of product development for the First Data Bank. For further information call x4723.

The next campus blood drive will be held on Monday, April 29. Blood donation sites are the main lounge of Millberry Union from 8 a.m. to 3 p.m. and the mezzanine level of the School of Nursing building from 11 a.m. to 5:30 p.m. Donors are asked to bring personal ID. Appointments are not necessary but can be made in advance by calling x4013.

Two $35 gift certificates for the Washington Square Bar & Grill will be raffled after the drive. The gift certificates are donated by the restaurant and the Associated Students of UCSF. To be eligible for the drawing, donors should place their receipts in the boxes provided. UCSF biochemistry graduate student Maureen Munn and UCSF gardner Frank Inferrera were winners of the January 28 blood drive raffle.

The School of Pharmacy Alumni Association again will stage a contest with cash prizes going to the dental and pharmacy classes that donate the most blood during the drive. The results of the last blood drive contest were: first place, School of Dentistry and School of Pharmacy second-year classes; second place, Dental I and Pharmacy I; third place, Dental III and Pharmacy III; fourth place, Dental IV and Pharmacy IV.

Campus blood drives are sponsored by the Irwin Memorial Blood Bank of the SF Medical Society and coordinated by the Campus Tour/Speakers Bureau. For further information call x4394.

UCSF Nursing Alumni Day will be held on Saturday, April 27, beginning at 8 a.m. in Cole Hall.

The morning session will include presentation of the Distinguished Alumni Award to Rosemary Ellis, BS '44, professor of nursing at Case Western University, Cleveland, and a discussion on "Worldwide Networks" by Lucile P. Leone, RN, MA, coordinator emeritus of UCSF International Students and Visitors.

Three concurrent sessions will take place that afternoon: "The Practice/Academic Bridge," "The Political Connection" and "The Computer Interface."

A wine and cheese reception hosted by Dean Styles on the mezzanine level of the School of Nursing building will close the conference.

For further information call x4723.

Henry J. Mankin, MD, the Edith M. Ashley Professor of Orthopaedic Surgery, Harvard Medical School, will be the visiting professor and featured speaker at the Sixth Annual Verne T. Inman Lectureship and the 20th Annual LeRoy C. Abbott Orthopaedic Society Scientific Program on Thursday and Friday, May 23 and 24.

Chief of the Orthopaedic Service at Massachusetts General Hospital, Boston, Mankin will present the Inman Lecture, "The Healing of Cartilage and the Pathogenesis of Osteoarthritis," on Thursday from 11:30 a.m. to 12:30 p.m. in Cole Hall. The Abbott Lecture, "Use of Allograft Implantation in the Treatment of Bone Tumors," will be presented on Friday at 11 a.m. also in Cole Hall.

Mankin also will present his views on various clinical presentations on both days.

The Inman and Abbott programs are sponsored by the Department of Orthopaedic Surgery and the LeRoy C. Abbott Orthopaedic Society in recognition of two late departmental chairs. Inman, who died in 1980, was internationally known for his work on human locomotion. He established UCSF's Biomechanics Laboratory in 1957, the first lab of its kind anywhere devoted to this discipline, and served as its director for the next 16 years. The LeRoy C. Abbott Orthopaedic Society was founded in 1965 in honor of the first departmental chair, who served from 1936 to 1957.

CME credit for 14 hours is available. For further information call x2495.

May is AIDS Awareness Month at UCSF, and the campus will present a series of noon and evening talks which are free and open to the public. The schedule will include:

- Mon., May 6: "AIDS Overview." Marcus Conant, MD, director, UCSF AIDS Clinical Research Center. Cole Hall. Noon-1 p.m.
- Wed., May 8: "Experiences of People With AIDS." Members of People With AIDS Alliance. HSW 300. Noon-1 p.m.
- Wed., May 8: "AIDS Overview." Marcus Conant, MD. Cole Hall. 7-8 p.m.
- Mon., May 13: "Infection Control." John Conte, MD, UCSF chief of infectious diseases. HSW 300. Noon-1 p.m.
- Wed., May 15: "Accessing Different Care for People With AIDS." Steven Pratt, SF AIDS Foundation. HSW 300. 12-1 p.m.
- Wed., May 15: "Infection Control." John Conte, MD. Cole Hall. 7-8 p.m.
- Mon., May 20: "Safe Sex Practices." Jackson Peyton, SF AIDS Foundation. HSW 302. Noon-1 p.m.
- Wed., May 22: "New Risk Groups." Harry Hollander, MD, director, UCSF Adult Immunodeficiencies Clinic. HSW 300. Noon-1 p.m.
- Wed., May 22: "Safe Sex Practices." Jackson Peyton. Cole Hall. 7-8 p.m.
- Wed., May 29: "Being A Shanti Counselor." Jim Rulon, Shanti Project. HSW 300. Noon-1 p.m.

The month will end with an "evening of gay comedy"—featuring Tom Ammiano, Danny Williams and Karen Ripley—on Friday, May 31, 7 to 9 p.m. in Cole Hall. Admission is four cans of food, which will go to the SF AIDS Foundation Food Bank.

Throughout the month at UCSF, canned food and household supplies will be collected for distribution to people with AIDS by the SF AIDS Foundation Food Bank. There will be a collection area in the lobby of the Medical Sciences building. There also will be AIDS information tables in the lobby, from May 6 to May 31, noon-2 p.m.

AIDS Awareness Month and the food drive are sponsored by a committee of UCSF hospital management personnel.

Molecular biologist Tom Maniatis, PhD, of Harvard, will deliver the SmithKline, French Lectures on Monday and Tuesday, May 13 and 14, at 4 p.m. in Cole Hall. He will discuss:

- Mon.: "Lariat Formation and the Mechanism of Human Beta-Globin Pre-mRNA Splicing."
- Tues.: "Identification and Analysis of a Human Beta-Interferon Gene Enhancer."

Professor of biochemistry and molecular biology, Maniatis is the 1985 winner of the Joseph Coolidge Shaw Award from Boston College. His research concerns the various steps in protein production in cells.

Held each year since 1976, the SmithKline, French Lectures feature noted international scientists and are sponsored jointly by the UCSF Department of Biochemistry and Biophysics and the SmithKline Beckman Corporation.

HONORS & AWARDS

Herbert W. Boyer, professor, biochemistry: Elected on April 23 to the prestigious National Academy of Sciences at the Academy's 122nd annual meeting in Washington. One of the pioneers of recombinant DNA technology, Boyer and colleague Stanley N. Cohen of Stanford, together developed techniques for inserting genes into bacteria, turning the bacteria into protein "factories." Today these techniques are used in genetic engineering laboratories around the world. Elected in 1979 to the American Academy of Arts and Sciences, Boyer, along with Cohen, was awarded the V.D. Mattia Award of the Roche Institute of Molecular Biology in 1977. Boyer also won the 1980 Lasker Award for Basic Medical Research, the highest honor bestowed in the US for basic and clinical research in medicine. In 1982 he was elected along with Cohen to the California Inventors Hall of Fame.

APPOINTMENTS

Carol Fox: Appointed director of News Services. She is responsible for management of both the News & Institutional Communications units, and will be working with press and media in responding to inquiries and developing news stories for external and internal dissemination. She also assumes the news beat of Alice Baloff, who has transferred to SFGH. Fox most recently served as manager of marketing services and public affairs at Mount Zion Hospital and Medical Center. **Janet E. Norton,** who has been assistant director of the entire department—News & Public Information Services—since 1980, is now director of institutional relations and will continue to manage the activities of the Publications Office, Tours & Speakers Bureau, Information/Visitors Center and the Writers Resource Center. The appointments are part of the department's restructuring without adding any new staff.

Robert Alford: Appointed visiting professor, social & behavioral sciences, School of Nursing, for the spring quarter. Alford is professor, sociology, at UC-Santa Cruz and will be teaching a research seminar while he is here.

Julius R. Krevans, chancellor: Invited to serve on the Fogarty International Center Advisory Board of the National Institutes of Health.

Edwin F. Rosinski, professor, medicine & pharmacy; director, Office of Medical Education: Selected by the New York State University College at Buffalo as one of its 15 outstanding graduates in commemoration of the University's 36th anniversary and its one millionth graduate.

John C. Greene, dean, School of Dentistry: Member of the US Preventive Service Task Force.

Nicholas L. Petrakis, professor & chair, epidemiology & international health; professor, preventive medicine: Elected president, American Society of Preventive Oncology for a two-year term at the Ninth Annual Meeting of the Society in Toronto, Apr. 10-12.

William E. Hoskins, associate dean, student affairs, School of Dentistry: Received the National Alumni Association of Meharry Medical College's Special Recognition and Award for 1985.

David Bracker, community health program manager, public service programs: Elected president, board of directors, North & South Adult Day Health Center.

Dyanne Affonso, associate professor, physiological nursing, School of Nursing: Invited consultant to the Kapiolani Children's Medical Center in Honolulu Mar. 21-28, to design a collaborative perinatal research project.

Robert B. Painter, professor, radiobiology, microbiology & radiology: Selected as the 22nd Failla Lecturer of the Radiation Research Society. He will discuss "Unsolved Mysteries in Eukaryotic Repair" at their 33rd Annual meeting in Los Angeles, May 6.

Arthur Weiss, assistant investigator, Howard Hughes Medical Institute; trainee, rheumatology/clinical immunology: Winner of the American Federation for Clinical Research Trainee Award.

Roger Boles, professor & chair; **Francis A. Sooy,** chancellor emeritus & professor; **Richard M. Flower,** professor & vice chair, all otolaryngology: To be honored at a reception at the Hearing Society Symposium, May 2. **Laurel E. Glass,** director, Center on Deafness & professor, anatomy & psychiatry will chair the event.

Lucy Sammons & **Sandra Scheetz,** both mental health & community nursing, School of Nursing: Selected for the executive board of the newly-formed ANA Council on Computers in Nursing. Sammons also has been selected as an officer of the Nursing Association of the American College of Obstetrics & Gynecology, effective Jan. 1986.

A. Eugene Washington, policy scholar, Institute for Health Policy Studies; assistant professor, epidemiology & international health: Served as director of the National Expert Committee Meeting on *Chlamydia trachomatis* infections sponsored by the Centers for Disease Control, Apr. 18-19.

IN MEMORIAM

Jack D. Scott, assistant clinical professor, pediatrics, since 1979. He planned, developed & directed the Neonatal Intensive Care Unit and Infant Transport System at Valley Children's Hospital in Fresno. He also developed the First Hour-Care Courses for Fresno County hospitals. He was past chair of the Department of Pediatrics, Fresno Community Hospital and St. Agnes Medical Center, and chair of the medical staff at Valley Children's Hospital at the time of his death.

Bertram M. Meyer, associate clinical professor, medicine since 1972. He came to UCSF in 1952 as a clinical instructor and became associate clinical professor in 1955. Meyer was a member of the medical staff at San Quentin prison since 1980.

Hans Elias: He was an assistant research sociologist from 1978-80 and a research associate in pediatrics until 1983.

Would you like to have a new self-service postal center on campus? Consideration is being given to installing one at the Irving Street entrance of the Ambulatory Care Center, "C" Level. This would replace the existing one on the ACC plaza which now is unreliable due to its constant exposure to weather.

Products and services at the new location would include domestic and international stamps, pre-stamped envelopes and postcards, letter, small package and Express Mail receptacles, zip code directory, postal scales and rate information.

Have any comments? Call Sharon Ottolia, mailing manager, x5975.

See a nurse in action . . . the Department of Nursing Services is sponsoring the second annual "Spend a Day with a Nurse Program" during Hospital Week, May 13 to 17. Members of the Hospitals and Clinics and the campus community are invited to spend one to two hours with a nurse on a hospital unit, one of the operating rooms, the Post-Anesthesia Recovery Room or the Emergency Room. Reservations may be made by calling x2252 from Monday, April 29, to Friday, May 10.

Also during the week, the Nursing Service Affirmative Action Advisory Committee will host a reception for UCSF minority nurses and nursing students on Tuesday, May 14, from 1 to 3 p.m. in the Park Room, Moffitt 286.

The Department of Nursing Recruitment and Retention Committee is sponsoring the Third Annual Nursing Run on Saturday, June 1, at 10 a.m. in Golden Gate Park. Entry fee is $5 for all UCSF Department of Nursing personnel, $8 general. All entrants will receive a race T-shirt. A picnic will follow the race. Volunteer monitors, timers and picnic cooks still are needed. Volunteers also will receive a T-shirt. For further information call x2252.
